DESIGN PHILOSOPHY

I strive to create a complete user experience based on a solid foundation of usability, clean design and forward-thinking code.

PROFESSIONAL EXPERIENCE

FREELANCE DESIGN/DEVELOPMENT JUNE 06 · PRESENT

Various independent projects have given me opportunities to create original sites as well as help top print design agencies in Denver implement designs for their web clients. Agencies include ArtHouse Design, Heedum Agency and Vanguard Communications.

THIS WEEK IN DENVER MAR 05 · PRESENT

Conducted usability research, designed UI wireframes, and aided in design for a web-based events calendar called This Week In Denver.

CHEAPTICKETS.COM MAR 03 · JUNE 05

Lead designer for marketing graphics and marketing related UI design. Performed UI concepting for recent migration to Orbitz platform.

FL-2 OCT 02 – MAR 03

Designed and programmed web-based and CD-ROM based Flash multimedia projects. Served as lead design for most of my projects. Supported other large projects through site maintenance.

EDUCATION

B.A. Japanese Language and Literature,
University of California at Irvine (1995)
